

My Subway Map

My Subway Ride takes you on a tour of many NYC subway lines:

We were inspired to create our own **SUBWAY LINE** with its own set of special **STOPS!**

NEXT STOP ON MY TRAIN IS...

- Try making a map of your very own subway line! Maps come in all shapes and sizes and colors. You can draw your map with pencil or markers or use the outline on the next page. If you're feeling adventurous, you can create a collage map using paper, fabric, or other maps (!) just like the illustrator of *My Subway Ride*, Selina Alko.
- Your subway line can include station stops around your home—from your room to the kitchen to your pet's favorite sleeping spot. Or your subway line could travel through your neighborhood or a make-believe place straight out of your imagination!
